P to P Transfers Now Available Through ERCU's Mobile Banking!

What is a P to P transfer, you ask? This service allows you, as a member, to transfer money quickly to another ERCU member directly from your account. You can securely send money to any of your friends or loved ones who are ERCU members, all from within ERCU's mobile banking!

Simply go to the transfer tab from the main menu on your mobile banking. From here you can add other ERCU members to transfer to. All you need is the payee's account number, and you can quickly transfer funds from your checking or savings to their account. Ask a representative from your local branch for more details!
